Piece the puzzle together using the picture on the box to guide you.
When complete, observe the scene carefully.
All sorts of things invisible to the naked eye will be revealed when you shine the magic torch on them.

MISSION CARDS

Lots of look-and-find fun to be had with the mission cards.

The mission cards have eight things in total (four on each side) for you to find in the museum, and four of them are invisible...until you shine the torch on them! This activity is ideal for individual play or as a race between a group of players. In this case, give each child one or more mission cards and set a direction of play. Each person then takes a turn to try and complete their mission(s) as fast as possible.

The first player to find all the items on their mission cards (crossing them off with the pen) wins.

One player in the group should be appointed official timer.
